SHED IT YOUR WAY

*The SmartGuard process treats each wood strand throughout SmartSide and ProStruct Floor products with an advanced formula of binders, waxes and zinc borate to resist fungal decay and termites.
** For full warranty details visit www.LPCorp.com.
*** Based on FM4473 2" Ice Ball Impact Study.

⚠ **Cal. Prop 65 WARNING:** Drilling, sawing, sanding or machining wood products can expose you to wood dust, a substance known to the State of California to cause cancer. Avoid inhaling wood dust or use a dust mask or other safeguards for personal protection. For more information go to www.P65Warnings.ca.gov/wood.

LP BUILDING PRODUCTS

LPZB0785 05/18

It's NOT Particle Board. It's NOT Waferboard. It's NOT Chipboard.

It's Simply A Better Choice For Your Outdoor Building!

Treated For Everyday Durability

LP® SmartSide® products are not made of wafer, chip or particle board. In fact, our engineered wood products are made with our Treated Wood Strand Technology so you can rest assured your structure will provide years of beautiful service!

Extra Protection, Tested Tough

All LP SmartSide products are treated with our proprietary SmartGuard® process to resist fungal decay and termites in harsh environments. Tested in Hilo, Hawaii, LP SmartSide products continue to resist structural damage, even after years of exposure to thriving termite colonies and excessive moisture!

Beauty That's Worth A Second Look

It takes only one look to notice the rich cedar grain texture and undeniable beauty of LP SmartSide products when compared to typical pine siding. It's a premium choice that gives your outdoor structure an attractive custom-built look!

Ask a Sales Associate about outdoor building solutions built with innovative LP SmartSide products. For more information, visit **LPShed.com**
