

**Sec. 3-409. - Visibility at street and accessway intersections.**

Visibility of and between pedestrians, bicyclists, and motorists shall be assured at street intersections and when entering and existing individual sites or parking facilities.

- (a) *Sight triangle at street intersections.* **Within the area formed by the centerline of the intersecting streets and a line connecting points on such center lines at a distance of 80 feet from their intersection, there shall be no obstruction to vision between the height of three feet and a height of seven feet** above the average grade of each street at the center line thereof. The requirements of this section shall not be deemed to prohibit the preservation of any tree or the construction of retaining walls that may be required for tree preservation unless said retaining wall is more than three feet in height.
